Subject: Hoosick Falls - Albany CBS 6 Questions

Hi Judith,

CBS 6 in Albany is doing a story on Hoosick today. I worked with Paul Simon, Doug Pabst and Angela Carpenter on these responses.

Please let me know if you have any other input or if I can send them to the reporter as is.

Thank you,
John

1. We're hearing a temporary filtration system is coming online this week. Can you confirm?

Ex. 5 - Deliberative Process

2. Are there still groundwater concerns for residents who are not using the Hoosick Falls public water supply? What's being done for them?

Ex. 5 - Deliberative Process

3. What about the Hoosick Falls watershed? Are there concerns PFOA levels could be dangerous downstream?

Ex. 5 - Deliberative Process

4. With the temporary filtration system in place, when will residents be able to stop using bottled water? Will they have to wait until a permanent solution is in place?

Ex. 5 - Deliberative Process

5. Is the Saint-Gobain Corporation at fault in releasing these contaminants?

Ex. 5 - Deliberative Process
